Subject: ACP Resolution

To All:

There has been some discussion since the commission as to whether the votes cast were sufficient to approve the resolution or not. There were 12 votes in favor, 2 against, with 6 abstaining, 5 state officials that did not vote etc. I asked Mark Teague our attorney to review the vote tally and he has confirmed that the Resolution was adopted with a majority of Commission votes, which has been the practice of the Commission. As you know, this is and has been a controversial Resolution since being discussed at the December meeting (conference call). A reporter has been calling since Monday and requested a copy of the Resolution and a copy of our minutes. We have agreed to release the draft resolution, however, the minutes will not be drafted for another two to three weeks. Gena Renfrow our Public Information officer is handling all correspondence between the Commission and the Reporter.

I will keep you posted as new developments occur.
